The Colour of water 

FASHIONED WITH STYLE AND DURABILITY IN MIND

Welcome

For people, in search of tailored cosmopolitan designs, Blues faucets, with their high quality, high performance and their irresistible looks, works to create enchanting bathroom that is modern and timeless. Our designs are a meticulous balance of style and functionality, providing aesthetic consistency throughout the bathroom. The perfect harmonization of optimum style and maximum performance makes the Blues faucets truly innovative for the contemporary bathroom. With a wide range of faucet collection, Blues offers an amazing source of unmatched quality and timeless beauty.

WATER EXPRESSION

About us

Incorporated in 1994 and since then the company has emerged as one of the leading brand of CP fittings in INDIA. In the last "24" years we have established credibility in terms of Quality, Competitive Prices, on time delivery and Efficient Product Support.

We have paired thoughtful features with breathtaking designs and have built products to last a lifetime. Inspired by our customers' needs, we've brought you technological magic with simple-solution innovations.

With a domain experience of over two decade's, we strongly believe we understand Bathrooms & Kitchens.

Vision

Sky With A Hole

We are already a world class water solution providers to our numerous Satisfied customers and now we are opening our eyes to the future. Future of water which if not envisioned today cannot be done tomorrow. Saving of water with simple and sleek innovations is to be our motto. After all we have to save our planet.

Our vision is welfare for our employees, satisfaction of quality on competitive price to our customers and prosperity to our distribution network and saving of water for future generations and we know we will achieve it. We have thrown our stone towards sky. The day is near when the world will see the sky with a hole.

Unmatched Warranty

Save Water

Smooth Flow

Maximum Comfort

Rich
Quality

Long Lasting
Smart Finish

AN ISO 9001:2008 COMPANY PRODUCT

our exacting manufacturing standards are amongst the very best in the industry

our products are quality checked a minimum of 8 times throughout the production process

all products are polished by hand for a faultless finish

BLUES strict manufacturing processes ensure our products can be warrantied for 7 years, giving peace of mind to all customers.

Washerless Ceramic Valving

It controls the flow of water under any water or temperature condition, resists debris and is easily maintained. It turns on smoothly and turns off without any dripping.

Metal Construction

BLUES faucets are constructed with Honey Brass metal which provides great strength, durability and finish quality.

Durable Finish

BLUES takes every measure to ensure that its faucets have a perfect finish. Polished Chrome finishes are triple plated to withstand years of use. Polished Brass finishes are plated at high temperatures to withstand corrosion.

100% Factory-Tested

At BLUES faucets are pressure-tested against dripping and leaking. They are also tested for performance to ensure that they meet the most stringent requirements and standards.

Art

BLUES offers one of the most exciting and diverse selections of faucet styles anywhere. A complete selection within most styles allow you to extend your favorite designs to the entire room.

at every stage of the production process there is a rigorous quality check

the brass used in our product is made to our exact recipe

we work closely with the industry's leading standards organisations to reinforce our 7 year warranty

This can only be good for the planet.

Cartridges

The heart of every faucet, the cartridge is responsible for controlling water supply.

- Blues cartridges are 5 lacs cycle tested to give a longer and trouble free operating life of upto 20 years (considering 60-70 operations per day)
- Wide angle of lever provides ultra comfort and flawless, smooth operation
- Our cartridge spindle is made of brass instead of plastic, to avoid breakage
- Works smoothly even at high temperatures (85 degrees) and in various pressure conditions (0.5 -5 bar)

Aerators

Devices that mix air with water to give a soft and splash-free flow.

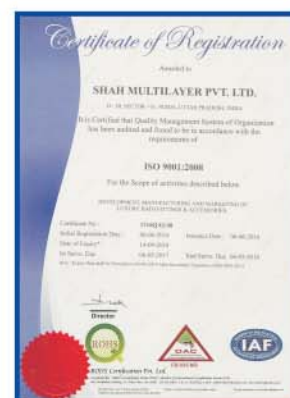

- Our integrated honeycomb-structured aerator, provides lime buildup protection
- Integrated anti-clogging dome screen of the aerator filters sediments and dust particles

Chrome Finish

Upper shiny protection layer provides a mirror finish to every faucet.

- High plating thickness (Nickel: 10 microns and Chrome : 0.3 microns) provides tolerance to extreme climate and water conditions
- 450+ hours of salt spray test ensures our finishes are highly durable and corrosion resistant for a much longer duration.
